

## Quotes from the singers...

*“Singing in the choir is an uplifting experience for me. Not being in the choir would leave a big spiritual void in my life.”* peg 12/27/05

*I am sitting here listening to our Christmas CD and I realized that with each season that passes, I grow more more thankful and feel more blessed to be a part of the Community Christian Choir. You and Lee have given Jenn and I an experience that has been woven into the very fabric of who we have become and we are so grateful.*

*God bless you both for your immeasurable gift!*

*“Singing with CCC as a new Genesis member this year has been deeply fulfilling. The Choir helped me find and feel personally what Christmas really means - reaching out to others to share God's love and comfort and joy and to do it while having fun in the company of others who share that same mission. Thanks Pat and all my new friends in the CCC!”* Carol Watson, Ph.D., Rider University Center for Development of Leadership Skills

*“my piano teacher was overwhelmed with the professional nature and sound of the choir”*
